we are supposed to be getting contacted and Just as a friendly reminder, we need to communicate back to them that we do not get involved with the daily operations. We want to encourage them to get in touch with the land board and Jeff. To work out the schedules conflict

Just trying to save us from any miscommunication that could take place

Hope everyone's day is going great

Have you guys been contacted by anyone about the barns at complex not being used? Or trying to get used and staff will not let them because of roofing issues?
